Program

Creating Advanced Visualizations in Tableau

The screenshot displays the Tableau Desktop interface with the 'supply_chain_data' dataset loaded. The top section shows the data source 'supply_chain_data.csv' with 24 fields and 100 rows. Below this, a preview of the data is shown, including fields like Product type, SKU, Price, Availability, Number of products sold, and Revenue generated. The bottom section shows the Tableau workspace with the 'Columns' and 'Rows' shelves empty, and the 'Marks' shelf set to 'Automatic'. The left sidebar contains a list of fields categorized by type (e.g., Dimensions, Measures) and a search bar.
